

Ham Radio Class Now Forming!!

As a Licensed Amateur Radio Operator You Get To:

Serve Your Community
Become a weather spotter - SKYWARN!
Meet New Friends
Have Your Own Individual FCC Callsign

The UW Space Place and FLARC will be holding a weekend course where YOU will learn everything you need to earn your **Amateur Radio Technician** license.

You don't need to learn Morse Code for any Ham license!

This class is Sat & Sun September 28&29, 8am-5pm 2013.
2300 S. Park Street, in the Villager Mall lower level.

Registration is required. Late registration period is Sept 14-27.
This is **FREE** to you, thanks to our sponsoring organizations!
